Q-LOK & SCORPION SPIKES

Champ Scorpion Spikes deliver unmatched green friendly traction. Available in both LP (lower profile) and original, their unique design nestles into the grass to securely grip the turf without damage to the green. The Q-LOK fastening system makes changing spikes as easy as changing shoes. No scraped knuckles. No stripped threads. The easiest spike locking system available, all in a quarter turn. Q-LOK locking system and Scorpion Spikes come standard on every Nike golf shoe.

T@C (TRACTION AT CONTACT)

The T@C (traction at contact) outsole proves Nike Golf's commitment to green-friendly performance traction. Maximum stability, enhanced flexibility and significantly reduced weight (6 oz. per pair), delivers the most technologically advanced outsole in golf. Over 130 points of contact specifically engineered for maximum grip with minimum damage.
